

Central station to great destinations

Selection of distribution channels

ACP Rail International has the right distribution channel to suit every type of operation:

AccesRail

Through carrier code 9B on all major GDS solutions, travel agents can enjoy booking e-tickets for select railway partners in conjunction with flight segments.

Agent.ACPRail.com

ACP Rail International's full range of products are available via the web to travel agents that want a competitive commission, while allowing ACP to facilitate payment and fulfillment.

ACP RailNet

Our most comprehensive booking system offers our full product range and allows the rail specialist agency or tour operator to print actual tickets and settle directly with ACP.

XML connectivity

Travel industry partners that run their own web-based booking solutions are able to have direct access to ACP's product line via scalable and simple to connect XML APIs.

White label

ACP Rail International can create a custom web booking engine or website that reflects the partner's brand identity, while also handling all payment and order fulfillment duties.

Affiliate program

Website partners can link directly to select ACP consumer websites and receive commission on sales resulting from referral visits.

Call center

Allow one of ACP Rail's knowledgeable travel specialists to plan a phenomenal rail holiday by coupling rail with flights, hotels, attractions and more! In North America, dial 1-866-938-7245 and International enquiries dial +1 514 733-9865.

ACP Rail International

Rail specialists

Since 1994, ACP Rail International has been the dedicated marketing expert that European, British and many other world railways have turned to for distribution, sales and marketing strategy.

Our mission

To ensure that our railway partners are able to reach, inform and sell to customers on an international level.

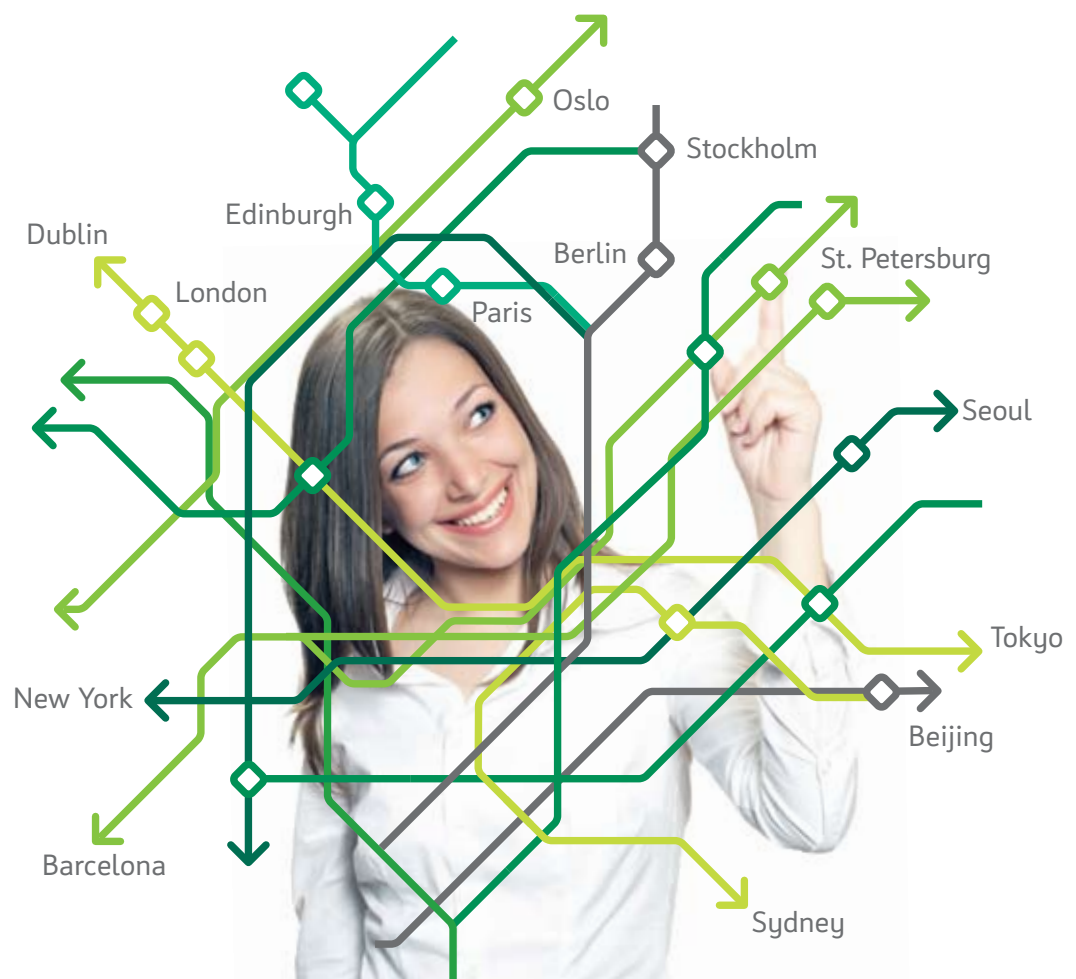

Global presence

The key to our success has been our distribution channels and our understanding of local requirements. With a global sales force and approximately 300 points of sale in 50 countries, we continue to expand the presence of our partners.

Extensive product portfolio

Rail passes & much more

On behalf of our partners, we sell rail passes, point-to-point tickets, attraction passes and seat reservations. Our passion is to promote rail travel thanks to its convenience, fast and frequent service, enjoyable scenic experience and environmentally friendly advantages.

Looking for a simple solution to book rail for your clients?

ACP Rail's Agent Website is best suited for you if you want

- An easy to use rail booking system with a convenient turn key order fulfillment.
- Access to ACP Rail's complete product range including rail passes, tickets, reservations and attractions.
- A competitive commission structure and the ability to add booking fees.

How it works

- 1 Once your ACP Rail Agent account is created, simply log in and follow the step-by-step process to book rail for your clients.
- 2 Manage all your rail bookings from product selection, reservations and payment.
- 3 Ticket fulfillment, including printing and shipping, will be completed by an ACP Rail distribution center.

Advantages of ACP Rail's Agent Website

- Profit from competitive commissions, plus Agent ACP Rail has excellent features to maximize revenue such as up-selling, cross-selling and the option to add agent booking fees.
- Access the world's best travelled railways through a comprehensive product portfolio, including BritRail, Eurail, InterRail and many others.
- Experience a top tier level of customer service with ACP Rail's Call Center representatives.
