Top 5 Joys of Traveling with a Rail Pass

ACP Rail International is your source for rail passes, train tickets, attraction passes, seat reservations and more! Our passion is to promote rail travel thanks to its convenience, fast and frequent service, enjoyable scenic experience and environmentally friendly advantages.

Keep to a flexible schedule

Have the option to 'go with the flow', and enjoy unlimited train trips on each rail travel day including the ability to hop on and off trains en route.

Experience the ultimate in convenience

Enjoy the convenience found in traveling to and from train stations located in city centers, while skipping unnecessary airport transfers and taxi fares. Also, arrive at your destination prepared, with your rail pass in hand and be on your way.

Enjoy stunning scenic views

Get to know a country better with views stretching from your window all journey long. Take in the changing landscapes and breathtaking scenic vistas, which make for unforgettable memories and a lasting impression of any destination.

Make the journey part of the adventure

Train travel has a reputation for being relaxing and romantic, and for good reason! Benefit from the whole experience; from getting comfortable in your spacious seat to enjoying on board amenities such as meal cars and Wi-Fi, all while meeting fellow travelers.

Benefit from great value

Make the most of your visit by having the freedom to visit as many destinations as you please. Access the national rail networks of the countries included on your rail pass, which often translates to thousands of stations.

Train travel in Europe offers high standards of comfort and service. Known for some of the most comprehensive rail networks in the world, including impressive high speed trains on main routes, simply select your point of origin and destination, sit back, relax and enjoy the ride!

Reservations for Pass Holders

make a seat reservation

If you have a rail pass or an open train ticket, then you can make seat reservations per person, per train for a nominal fee. Reservations are especially required for most international long-distance trains, various domestic high-speed trains and night trains. We also recommend that you make seat reservations in advance for travel on select European trains during peak travel periods.

Sleepers

take a night train

Taking a sleeper train is a great way to cover a lot of distance, without wasting a day on travel. It also offers great value as you save the cost of one nights' hotel stay while you journey to your next destination. To note, rail pass holders can purchase a supplement for travel aboard a sleeper train.
