

How to book Caledonian Sleeper (Caeldonian Ticket & Sleeper Reservation)

Click on United Kingdom Section

The screenshot shows the ACP Rail International website interface. At the top, there are navigation links: Administration, My Account, Help, Contact Info, and Logout. The main header features the ACP Rail International logo and a search bar for products. Below the header, there's a banner image of a train. The 'Products' menu is open, and 'United Kingdom' is selected. The 'My Cart(0)' tab is also visible. The main content area displays 'Current PNR: New' and a 'Reference:' field. Below this, there's a 'Recent PNR' table with columns for PNR ID and Reference. The table lists several PNRs: AASQYX, AASM11, AASMHP, AASLJM, AASJTM, AASM14, AASMHY, AASJTN, AASKBB, and AASJTK. There's a 'Display Last 10' dropdown and a 'Make Current' button. A 'NEWS' section is also present, containing two news items: '[06-03-2012] System Interruption March 13' and '[02-03-2012] SJ (Sweden) Traffic changes from April 10, 2012'.

Select on Point to Point Tickets in the menu

The screenshot shows the ACP Rail International website interface with the 'United Kingdom' section expanded. The 'Point to Point Tickets' option is selected in the menu. The main content area displays 'Current PNR: New' and a 'Reference:' field. Below this, there's a 'Shopping' and 'Information' tab. The 'Point to Point Tickets' section is active, showing 'Step 1 Identify the Stations' and 'Step 2 Date and Time'. The 'Step 1' section has two input fields: 'From (Point of Origin): Available countries' and 'To (Destination): Available countries'.
