## New FRECCIAROSSA: 4 new ways of travelling

### BUSINESS

#### Much more than just a first class

Business service level is the ideal solution for men and women on business trips .

To have calm, far away from noise of the mobile phones the new quiet area was introduced (16 seats in carriage 1 + 52 seats in carriage 2)

To have more privacy, two "salottino" compartments **BusinessPlus** are available (4 seats each one of them)

#### Comfort

- ✓ More than 1 m2 of space for each passenger with a distance between the seats of 106 cm
- ✓ Ergonomic leather anti-bacterial armchairs (patented) of 64 cm width and contrast armrests.
- ✓ Reclining back up to 115° with control buttons on the armrests and adjustable headrest.
- ✓ New modern crystal dividers
- ✓ More space for luggage (+30%)
- ✓ Two "Salottino" compartments, totally renewed, composed of 4 seats (more comfort, new LED illumination, new monitors)

#### Services

- ✓ Check -in at the platform
- ✓ Welcome drink and complimentary newspapers at your seat
- ✓ New Quiet zone composed of 16 seats in the coach n°1 and the whole coach n° 2 allowing to travel in maximum relax
- ✓ 6 Monitors per coach with information about the journey and entertainment
- ✓ Bar/restaurant service
- ✓ Same prices as the previously existing 1° class

## New FRECCIAROSSA: 4 new ways of travelling

#### Voice services and WI-Fi on board

Far crescere l'Italia è un gioco da grandi

Telecom Italia e Trenitalia portano l'accesso ad internet tramite wi-fi sui treni Frecciarossa

On December the 12<sup>th</sup> 2010, the new UMTS and Wi-Fi Frecciarossa service was launched.

✓ Thanks to the complete coverage on the high speed line Turin-Naples, the UMTS signal guarantees a better mobile phone reception \*

✓ The Wi-Fi on board allows you to surf the Internet using your computer or any other device with a Wi-Fi antenna

On board the train, we can be connected to the Wi-Fi network and buy the access codes. After having the password, we can surf internet for 24 hours (beginning from the first access) on board all the Frecciarossa running on the high speed tracks.

To buy the access codes, customer must use a credit card (Visa or Mastercard)

The service is provided by **Telecom Italia**.

*\*The quality of the service depends on the level of network coverage along the high speed line*

**Voice services and WI-Fi on board**

**MAKE THE WI-FI ON BOARD OUT:**

1. Open the Wi-Fi on your lap-top ( or any other Wi-Fi device)
2. Select the Wi-Fi Frecciarossa network ( check on the list of W-Fi connections available )

**START SURFING**

To start surfing the Internet, launch your Internet browser and type any URL (i.e the address of any Internet site): the portal to access the Wi-Fi service Will be displayed automatically.

Afterward, follow the instructions to purchase the access code
